DMRR telcon 8-10-15 (Agenda)

Added by roth, matt 7 days ago

Standing concall every second Monday at 3pm ET / 2pm CT / 12noon PT / 6 am Tuesday Australian Eastern ST.

Dial in numbers: USA Toll-Free: 1-866 -370-1666
Access Code: 7688486.

Sai will dial in as host.

Action items from 7/13/15 telcon:

-Send submission instructions to Tuschl lab (Sai)
-Follow up with Rob re: non-ERCC submissions (Joel)
-Check that latest exceRpt processed results being used in use case (Roger)

Agenda for 8/10/15 telcon:

DCC
• Throughout Y3 (2015-2016), conduct bi-monthly Webex demos of DMRR data submission and analysis pipelines for ERCC members.
• By September 1st 2015 develop a DATA PROCESSING GUIDE that describes data sharing within the consortium and includes agreed policy for public release of the exRNA Atlas data.
• Update Atlas grid/FTP upload for non-ERCC users

SOC
• Blogger recruiting and update
• Twitter use
• By September 2015, the SOC will work with the consortium and the administrative core to sponsor at least one scientific session involving exRNA consortium PIs at an upcoming domestic meeting and support travel of the speakers to these meetings.
• By October 2015, post two additional use cases to the ExRNA portal.

DIAC
• By October 2015, in collaboration with ERCC members especially U01 reference profiling grants, collect QC metrics for initial sets of RNA-Seq data, collect and use this to develop QC standards for exRNA-Seq data.
• By October 2015, build an expanded cellular smallRNA atlas from all available sources, including 'unhealthy' tissues (tumors etc).

Admin Core
-Next quarterly report due first week of September
-ERCC seminar series resumes in Sept, first Thur of the month (moved from the first Wed of the month)
